Adirondack 13.6

Optimum Load Range: 140 - 325 lbs.
Industry Capacity: 400 lbs
Length: 13' 6"
Waterline Length: 13' 2"
Width: 27.5"
Depth: 14"
Cockpit Size: 46" x 22"
Bow Hatch: 11" X 10.5"
Stern Hatch: 15.5" x 11.5"

Shown in Kevlar Fusion, Boreal Colour Blend

The Adirondack 13.6 is the big brother to the 12 and offers the same accessible cockpit, but with more generous volume spread over a longer hull to increase comfort and security. The large watertight storage compartments allow the adventurous paddler to take this boat on an overnight or load it up with gear for a big day out.

Laminates	Standard	Skeg
Hybrid Fusion	38 lbs.	40 lbs.
Kevlar Fusion	34 lbs.	36 lbs.
Carbon Fusion	32 lbs.	34 lbs.
