Kiwassa 12.6

Optimum Load Range: 90 - 220 lbs.
Industry Capacity: 400 lbs
Length: 12' 6"
Waterline Length: 12'
Width: 24.5"
Depth: 13.5"
Cockpit Size: 33" x 16"
Bow Hatch: 9.5" X 12.5"
Stern Hatch: 13.5" x 12"

Shown in Kevlar Fusion, Berry Colour Blend, Low Volume

The Kiwassa 12.6 is a crossover shape between our Recreational kayaks and our Sport Touring kayaks. It has a mid-sized cockpit, generous rocker and smooth chines. The Kiwassa is a kayak that tracks and cruises, yet maneuvers easily when leaned. Ideal for women or smaller framed paddlers, the Kiwassa 12.6 is forgiving by nature, but nimble and spritely when asked to be.

Laminates	Standard	Skeg
Hybrid Fusion	36 lbs.	38 lbs.
Kevlar Fusion	32 lbs.	34 lbs.
Carbon Fusion	30 lbs.	32 lbs.

LV Available in Low Volume
Low Volume models are 1" less in depth to better accommodate smaller paddlers
